

# shift premium service packages & hardware

shift premium is designed for users that need the flexibility and features of an expensive phone system for a fraction of the cost. With three levels of features, choose the package that suit each user's individual needs and never lose all of the great benefits of being a shift premium user.

## office

- dedicated phone number
- 8 speed dial
- standard features like call waiting, call forwarding, call display, and call transfer

**\$32.95 per user**

## office plus

- all of the office features plus
- voicemail
- 100 speed dial
- selective call forward

**\$39.95 per user**

## power plus

- all of the office plus features plus
- outlook/internet explorer toolbar
- remote office
- simultaneous ring

**\$49.95 per user**

Auto attendants can be added to any premium service package for \$7.50 each per month.
